I am a third-year Law Student at Åbo Akademi University. I am always looking for new challenges in both my carrier and private life. I have previous work experience from being a legal intern at a district court, as well as doing an international internship in Italy and from more traditional customer service jobs in Finland. As a person I am curious, energetic and social. I have a great interest in various legal fields and I am eager to learn new things.

## Competences

- **Languages:** Swedish (native), Finnish, English and French (fluent), Italian (basics)
